DETAILED ACTION

Response to Arguments

1. Applicant's amendments to claims 42-47 are acknowledged. Consequently, rejection to claims 42-47 under 35 U.S.C. 101 is withdrawn.

Allowable Subject Matter

2. Claims 42-47 are allowed over the art of record.
3. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 42, the prior art fails to disclose or suggest the claimed provision "comparing a high-level query vector to a high-level feature vector of the other piece of media content and a result of comparing a low-level query vector to a low-level feature vector of the other piece of media content and combining the weight result to determine whether to identify the other piece of media content for rendering" as claimed in conjunction with remaining claims provisions.

The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure.

1. Wolf et al. (US 6,877,001 B2) disclose method and system for retrieving documents with spoken queries.
2. Gillis (US 6,523,026 B1) discloses method for retrieving semantically distant analogies.
